

# HIDING PLACE

Written by Julia Damazio, Austin Sandquist & Jakob Haymond, Original Key: C, BPM: 80

## VERSE 1

When darkness surrounds me  
And enemies rise  
When my tears have no number  
From all that I've cried  
Let your mercy renew me  
Let your word be my guide  
Come Holy Spirit  
Bring these dry bones to life

## CHORUS

You are my hiding place  
I'm sheltered in your presence  
When I can't see your face  
Lead me by your spirit  
You're not done with me yet  
You're still writing my story  
My future is in your hands  
Let this be for your glory

## VERSE 2

When all that I'm seeing says you're nowhere near  
When all that I'm hearing  
Is wrapped up in fear  
Make me strong and courageous  
Show me I'm not alone  
For I know every battle is won by the lord

## BRIDGE 1

If you saved back then, You're a savior now  
If you healed back then, You're a healer now  
If you calmed the waves, if you split the sea  
If you healed the blind give me eyes to see

## REFRAIN

I'm not alone, You're here with me  
You're still doing miracles,  
You're still fighting for me

## BRIDGE 2

Walk by faith for your glory  
Not by sight for your glory  
Every step for your glory  
Every breath for your glory  
All my cares for your glory  
All my pain for your glory  
All my tears for your glory  
All my life for your glory

## REFRAIN BRIDGE

I'm not alone, You're here with me  
You're still doing miracles  
You're still fighting for me
